About SAVE

SAVE's mission is to strengthen every individual and family we serve with the knowledge and support needed to break the cycle of intimate partner violence and build healthier lives.

We believe that every person has the right to live in peace. Every day we provide shelter, support, and educational opportunities for individuals and families so they may end the cycle of abuse, heal, and have the freedom to build the life they choose.

Our Values

WELCOMING

We receive everyone with acceptance and compassion.

BOLD

We believe in daring greatly and thinking outside the box.

DEDICATED

We see challenges not as obstacles but as opportunities to work towards creative solutions.

SURVIVOR-CENTERED

We begin and end our work with the needs and goals of survivors as our priority.

SOCIAL JUSTICE ADVOCATES

We strive to incorporate an anti-oppression lens in all aspects of our work.

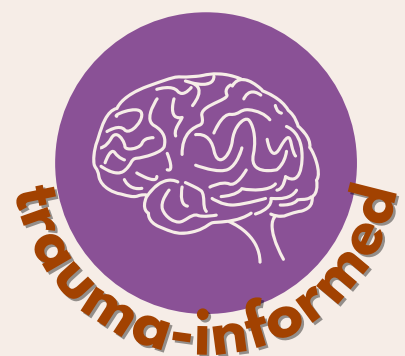

About YSP

The Youth Services Project (YSP) is SAVE's proactive and bold approach to empowering young people with the knowledge, skills, and support needed to prevent and disrupt the cycle of violence and to create healthy relationships.

Our Approach

YSP empowers young people through inclusive education, support, and resources. We take a youth-centric, strengths-based, and trauma-informed approach by challenging adultism and using our adult privilege to connect youth to vital resources.

We engage youth in teen dating violence prevention and education, advocate for healthy relationships and healthy communities, empower youth to heal from trauma, provide intervention services, and engage youth in interconnected forms of social justice with their leadership.

Our Impact

In 2022, we...

served **11** Bay Area junior high and high schools.

provided **66** "Loves Me, Loves Me Not" presentations.

taught **2,664** youth healthy relationship skills.

hosted our **5th** youth-lead community event.

Meet Team STYT

One of YSP's most impactful programs is supporting the work of Team Stronger Than You Think (Team STYT).

Team STYT is a youth empowerment group that raises awareness about teen dating violence, promotes healthy relationships in our

community, and works to make a cultural shift.

Team STYT learns about relationship harm, characteristics of healthy and unhealthy relationships, and meaningful skills and tools that can be used to end the cycle of violence. They also lead the planning of YSP's biggest community event: Symbiosis!

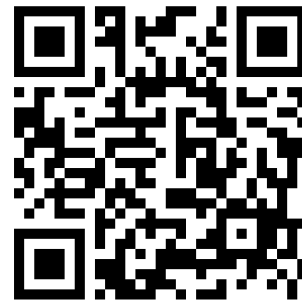

2023 Symbiosis: Out of Bounds

Symbiosis is a youth-led summit that sparks conversation, encourages empowerment, and inspires action around creating healthy relationships and communities to prevent and eliminate teen dating violence.

Themed "Out of Bounds," this year's Symbiosis will focus on the importance of setting healthy boundaries and respecting the boundaries of others through skill-building and confidence-building workshops, including a self-defense class from World Champion, Eliza Olson.

Your Support

Register via this QR Code or e-mail the form on the next page!

Your sponsorship and in-kind donations will develop informative workshop sessions, provide materials for artwork and activism projects, and create a positive environment rooted in education, personal development, and community-building. Your support ensures that Tri-City area youth can attend Symbiosis at no cost!

All Supporter Sponsorships of \$500 receive:
